Subject: A letter of appreciation

Hi,

Two weeks ago my dad-Mr.T. Francis-was admitted in PRS Hospital. Tomorrow he is all set to come back home, thanks to all of you at the hospital. The doctors and sisters in the hospital were thorough and dedicated professionals.

We (we)are in room no 342 and the sisters assigned to the ward are truly exceptional. Special thanks to Sisiters Anupama A.S and Priya.A who were able to help in two seconds when we needed it the most. That particular morning was a nightmare and their help will always be held close to heart. The others sisters too (Surya, Kavitha (Operation theatre) Sheeba. and....) were equally helpful and special thanks to them too.

And, when my dad was scared of surgery Dr. Gopa Kumar in two words convinced him to face it. An exceptionally gifted doctor any Hospital will be proud of-hats off. Thanks also to Dr. Geeta (fast but fantastic), the doctors who came during the emergency one morning and Dr. Pavitran. My appreciation doesn't equal their deeds.

In fact I only have good words to say at this juncture. You are doing a yeoman's service to mankind and keep going-Thanks again!

Regards,

Merlin Flower
